The Alliant SB contract is designed to provide Federal Government agencies flexibility in achieving innovative IT solutions for evolving needs on a global basis, and to assist agencies in reaching their small business procurement goals. The contract permits all types of orders: Fixed-Price, Cost-Reimbursement, Incentive, Time-and-Materials, and Labor-Hour, and furthers GSA's goals of improving government efficiency through the use of streamlined acquisition processes and helping Federal agencies better serve the public in a cost-effective manner.

The Alliant SB contract also supports the objectives of the Federal Enterprise Architecture (FEA) program and has been developed within the framework prescribed by the new IT investment budget guidance issued by OMB easily allowing agencies to comply with federal policies governing IT investments.

Alliant Scope Reviews

The Alliant GWAC is intended for information technology (IT) services and integrated IT services-based solutions task orders.

Courtesy scope review requests should be emailed to **alliant.gsa.gov** with "Scope Review for Alliant GWAC" in the subject line.

Alliant scope reminders:

- The overall objective of the requirement must be an IT services based solution.
- Ancillary Support is allowed as long as it is integral and necessary to the overall IT solution.
- Renting/Leasing of real and personal property in support of the IT solution is allowed as long as the government is not a party on the lease.
- A full spectrum of contract types allowed; however, Blanket Purchase Agreements (BPAs) are not allowed.

Alliant SB Features

- Pre-competed, multiple-award contracts
- Aligned with Federal Enterprise Architecture
- Five-year base with one, five-year option
- Full gamut of contract types: fixed-price, cost-reimbursement, labor-hour, and time-and material terms
- Ordering procedures based on Fair Opportunity (FAR 16.505)
